"Werbetext Lost Balls is a unique and colourful look at the game of golf from the perspective of the under-celebrated wayward shot. Synopsis Charles Lindsay's photographs offer a humorous and inquisitive foray into the hazards of lost golf balls - rough, woods, bunkers and wetlands - as well as unexpected encounters with wildlife on and off the green. An avid golfer, he photographs his way to the heart of the matter with a light touch and an eye for telling details. In the process he discovers balls ravaged by golfers, 'gators and foxes. Lindsay even comes face to face with what is believed to be the world's oldest golf ball - unearthed in a cellar in the Netherlands alongside a primitive club - and the infamous spot in the tall grass where Tiger Woods lost a ball that cost him the British Open. There are photographs from golf courses all over the world. The Foreword by John Updike is a celebration of golf and nature and why the two are not always compatible. A humorous anecdote by Greg Norman and quotes from other well-known golfers and celebrities also appear throughout the book. Alle Produktbeschreibungen"
